At your Community Foundation, we partner with you to help you give back to this special place, to support causes close to your heart, and to make a difference for generations to come.

We are home to more than 300 charitable funds - each focused on supporting a designated agency and its mission, awarding grants in a particular field of interest, allowing donors to recommend grants on a continuing basis, or providing a resource for changing community needs. Above all, each of these is a unique reflection of one or many donors' heart for our communities.

We strive to achieve positive community impact. The commitment and partnership of many donors help make possible grant awards to support arts and culture, community enrichment, education and scholarships, the environment, health and human services, and youth.

We are uniquely focused on endowment and are proud to offer the opportunity for donors to have a lasting impact, to leave a legacy, to make a difference for generations to come.

Thank you for partnering with us in 2013, for being part of enriching the quality of life in our region, and for helping to shape a brighter future for generations to come.

local giving partner

We provide the opportunity for donors to give locally and benefit the causes they care about most.

We are home to more than 300 charitable funds - a combination of endowments, campaign funds and temporary funds - that are designated to support a variety of causes in the areas of arts and culture, community enrichment, education and scholarships, environment, health and human services, youth, and community development/capital projects.

In 2013, generous community donors gave more than \$3.4 million to the Community Foundation to support one or more causes close to their heart.
